About Me

Hello! I'm Kanuri Siri, a passionate and enthusiastic Frontend Development Intern with a strong interest in designing modern, responsive, and user-friendly websites. I enjoy transforming creative ideas into interactive web experiences using HTML, CSS, Bootstrap, and JavaScript.

Currently, I am improving my frontend development skills through hands-on projects and real-time practice. I am learning how to build responsive layouts, create attractive user interfaces, and develop websites that work smoothly across all devices.

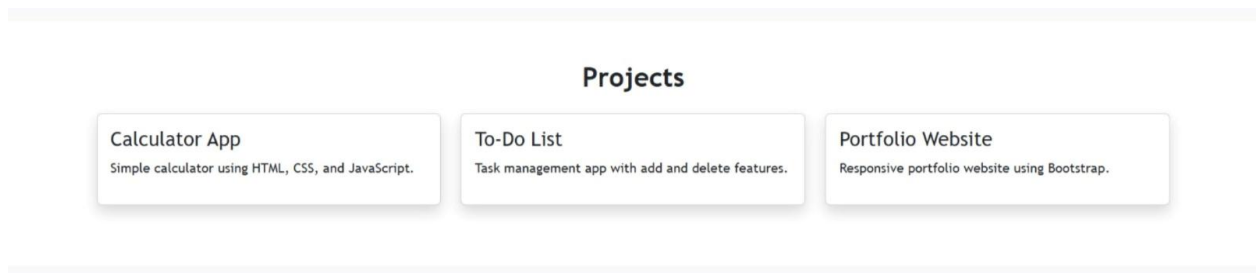

I have a keen interest in web technologies and continuously explore new tools and frameworks to enhance my knowledge. I am also learning API integration, GitHub version control, and modern frontend concepts to become a skilled web developer.

Apart from coding, I enjoy learning new technologies, improving my problem-solving abilities, and working on creative projects. My goal is to become a professional frontend developer and contribute to innovative and impactful web applications.
